DETAILED ACTION

Response to Amendment

- In view of the *Terminal Disclaimer* filed on 06 February 2008, the *Double Patenting rejection* of claims 1-23 has been withdrawn.
- The amendment to claim 11 has been entered and made of record. However, still *a signal and an electromagnetic wave are non-statutory* and the rejection of claim 11 remains.

Claim Rejections - 35 USC § 101

- 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

- Claim 11 is rejected under *35 U.S.C. 101* because the claimed invention is directed to non-statutory subject matter as follows. Claim 11 defines a signal with descriptive material. "A transitory, propagating signal embodied in electromagnetic signals traveling over a computer network carrying information capable of causing a computer system in the network to practice... is not a "process, machine, manufacture, or composition of matter". Those four categories define the explicit scope and reach of subject matter patentable under *35 USC § 101*; thus, such a signal cannot be patentable subject matter." (*In re Petrus A.C.M. Nuijten*; *Fed Cir*, 2006-1371, 9/20/2007).

Allowable Subject Matter

- Claims 1-10 and 12-23 are allowed.

Conclusion

- **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
- A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
